CLEVER CAPTURE

Burglar Wounded—Officers Capture Three Robbers—Good Work by Our Police

About 2:30 Tuesday morning, Mrs Alston of Second and Remington, telephoned Marshal Miller that their house had just been burglarized. Mr. and Mrs. Alston had been awakened by a noise in their bedroom and the latter attracting the burglar's attention, he pointed a big revolver at her. Mr. Alston waking up just in time to note the size of the weapon and to see the intruder's hurried exit with his booty. As soon as the marshal received the telephoned alarm he called up Officer Jim Everett, fortunately catching him promptly. Just before the marshal left his house there was another call on the telephone. This proved to be from Mr. Walker of 334 Orange street, saying that he had scared a burglar away who was trying to pry open a window and telling the officer of the course taken by the man, of whom he was able later to give a fair description. The marshal on his bicycle hurried off towards Sixth street. At Fifth and Louise streets he saw a man in the middle of the street who appeared to be talking to some one who was not in view. The officer left his bicycle and approached the fellow through a vacant lot, getting quite near without being discovered, hoping that his accomplices would make their appearance and give him a chance to take in the whole outfit. The others, however, did not appear and the marshal called on the man in view to throw up his hands and surrender. The fellow complied as far as throwing up his hands was concerned, but kept advancing towards the marshal and when close at hand made a grab for the latter's pistol; a tustle followed and Miller knocked the fellow down; he got up again and made for the officer, notwithstanding the latter's warning that he would shoot. The marshal fired over his head but failed to stop him, then fired again, the bullet hitting him over the ear glancing around the skull. It was found later flattened out by the impact. The robber fell and was insensible for several minutes. When he came to, the marshal took him to a near-by house and telephoned for Dr. Chase who quickly arrived and dressed his wound, which although bleeding profusely was not apparently serious.

In the meantime Officer Everett was having a time equally interesting. Going west on Fourth street he caught sight of two men between Orange and Central avenue, both on bicycles, as was the officer. Riding by them he wheeled suddenly, pointed his revolver at them and they surrendered without resistance. He took the men to the residence of Mr. Murdock on Second street near Remington, where the wheels were left.

In possession of the man who was shot was found the articles stolen from the Alston residence, a gold locket and chain, pocketbook, kodak, pair of shoes, a lady's coat and an overcoat. It was thought at first that all three were working together, but subsequent developments upset this theory and it is now thought that the wounded robber's assertion that the other two men were not his partners is true, although he admitted that he had assistants.

At 8 o'clock the prisoners had a hearing before Judge Whomes. The wounded man was able to sit up and receive his sentence sending him to the county jail to be tried later.

One of the two men captured by Everett had a pistol on his person and that enabled the judge to send him up for twenty-five days, but the other was turned loose. Later in the day Constable Ogier of Burbank telephoned that a garage had been burglarized there and three bicycles stolen and still later he came to Glendale and identified the captured wheels as a part of the stolen property. It is thought that there is a clear case against the two, one of whom is in custody of the sheriff, and the other, it is hoped, soon will be. The man whom the marshal shot is a low type of Mexican, the others are evidently Italians and much better dressed than was the former. A sequel to the story is the account in a morning paper telling of the Mexican's attempt at suicide. He snatched a razor from the surgeon at the receiving hospital and cut his throat, but will probably recover.

Both Marshal Miller and Everett are deserving of commendation for their work and the fact that our officers are vigilant and fearless should go far towards protecting this community from the visits of the criminals so numerous in the near-by city.

A COMPARISON.

The Glendale Light and Power Company, the private corporation which supplies Tropico and West Glendale with light has offered to furnish the city of Tropico with 32-candle power street lights for $1.00 per month. In addition, the city has to pay the cost of installing the system and furnishing all lamp renewals.

The municipal lighting plant of Glendale is supiying 40 and 60-candle power street lamps to Glendale for 80 cents per month, and this cost includes all renewals and also the installation of the lamps and system.

In other words, we get a larger light at about one-half the cost.

This seems to indicate that in this case municipal ownership is a success.

CITY TRUSTEES

Want Reservoirs Covered—Packing House Thought to be a Nuisance—Various Matters Discussed

All members present. The public works committee offered a report which was accepted to the effect that no street lights be provided for any streets not accepted by the city. The new fire ordinance was referred to the city attorney. The health officer appeared before the board and made a report in regard to the water supply. He said that the county health officer had recently visited the source of the water supply in Verdugo Canon and looked at some of the reservoirs and recommended that the latter be cleaned out, screened, roofed, etc. Trustee Watson moved that an ordinance be prepared to cover the case of the reservoirs, requiring them to be covered and kept clean; same was adopted. A communication was read from residents of Lomita Park in regard to packing house on Glendale avenue. Mr. Stone whose place adjoins the establishment, addressed the board, stating that it is detrimental to that section which is a popular resident district and he considered it a nuisance which should be abated. Mr. Blackburn stated that the people would be willing to assist in moving the establishment in the way of bearing a part of the expense. The matter was referred to the public works committee to report next week. Mr. Hartley appeared before the board asking that some action be taken in regard to the improvement of Verdugo Road. Mr. Lynch, city engineer, stated that he had sent out notices to property owners along that thoroughfare asking them to meet at the city hall next (tonight) Friday evening to discuss the matter. The city marshal was authorized to invest in two stop watches. Mr. Hall, the garbage collector, made complaint as to some property owners burying garbage and others refusing to let him haul it away.

The manager of the electric light department made a report of progress in the matter of putting in extra lights on Fourth street, Brand boulevard and Glendale avenue. The expense of this improvement will be borne by the property owners except for the putting of the wires underground, which will have to be done at the expense of the city. It is proposed to have four lights on each side in every block. The most of the property owners on Fourth street between Brand and Glendale avenue, on Brand between Third and Sixth, are in favor of the improvement. The matter was laid over.

Trustee Watson moved that fire district number one be extended south on Brand boulevard to Sixth street; carried. Communication was read from the Verdugo Pipe and Reservoir Co. stating that the company expects soon to lay a new main on Second or Third street west of Verdugo Road for the better service of that section. A number of small matters were discussed at length and the board broke a record for early adjournment by dissolving about 10:30.

FIVE HUNDRED AND A FAREWELL

Just previous to their departure for Washington last week, Mr. and Mrs. H. Lee Clotworthy were the guests of honor at a reception given by Mr. and Mrs. J. W. Usilton, at their residence, Seventh and Brand. About a dozen guests were present and the evening was spent in playing "Five Hundred" until a late hour when a supper was served, typical in its details of that southern hospitality which prevails in that section of the country from whence came the host and hostess and the honor guests of the evening. Mr. Clotworthy, who is a journalist of wide experience and a writer of unusual ability, is connected with the Army and Navy Journal and is considered an authority upon military matters. His duties will keep him in Washington for some months, probably until the adjournment of the next session of congress.

A transient who gave his name as Stanley Newcomb, and his home as being at Clearwater, was arrested by Marshal Miller at Fourth and Brand Sunday last, for drunkenness. He was fined five dollars by Recorder Whomes and left town.

Miss Atala Browning of Kenwood street was the week-end guest of Miss Lucy Mitchell of Los Angeles.

INTERESTING CENSUS STATISTICS

Washington, D. C., October 16.—Statistics relative to the leading crops for the state of California, collected at the Thirteenth Decennial Census, April 15, 1910, are contained in an official statement issued today by Census Director Durand.

The leading crops of the state for 1909 ranked in the order of valuation were: Hay and forage, $42,187,000; barley, $17,185,000; wheat, $6,324,000; dry edible beans, $6,293,000; potatoes, $4,879,000; oats, $2637000; hops, $1,731,000; and corn $1,077,000.

The product of dry edible beans more than tripled. Potatoes increased 60 per cent. Oats increased 25 per cent. Hops 21 per cent. Corn shows a slight decrease.

County Inspector Jones called at the NEWS office the other day. He informs us that the county authorities have recognized the excellence of the work done by Mr. George Benson with his fumigating outfit, and that he has been appointed official fumigator for this section. Orchardists and others are warned that spraying is not considered effectual for citrus trees, and that fumigation will be insisted on.

VALLEY VIEW IMPROVEMENT ASSOCIATION.

Meets tonight (Friday) at the tent corner of Sixth and Columbus. An interesting program. Everybody invited.

ANNEXATION ELECTION SATURDAY

The Boundaries of Territory to be Annexed

In curious contrast with the peppery campaign of last winter, when an annexation campaign was on that included the territory proposed to be annexed next Saturday, and some more, is the condition of public sentiment, both within and without Glendale, over the election that will be held Saturday. There seems to be no opposition, although nobody expects it to carry unanimously. For the last time, it may not be amiss to say that only a majority vote is required to annex, and that the annexed territory will not assume any of Glendale's bonded indebtedness. The boundary of the territory to be added if the proposition carries is as follows:

Beginning at Tropico city limits, Ninth and Central, running westerly to the S. P. R. R. track, thence following that track to a point half way between Vine and Sycamore streets, thence easterly to within 100 feet of Pacific street, thence north from 100 to 130 feet west of Pacific to Fourth street, westerlyon Fourth street to a point 30 feet west of the Hahn tract (being about 1,000 feet west of Remington), thence north to a point 160 feet north of Burchett street, easterly to a point 150 feet east of Central avenue, and south to Glendale city limits.

THE MERCHANTS' EXHIBIT.

At 4 o'clock Wednesday afternoon the Merchants' Exhibit at K. of P. Hall appeared to be in a state of great unpreparedness, but by 8 o'clock, when the doors were thrown open, order had been brought out of chaos in a marvelous manner, and the hall was very attractive, with the bright ornamentations of the various booths all glowing in the radiance of electric lamps. The following is a list of exhibitors:

1. Glendale News, 343 S. Glendale Ave.
2. Mrs. Witham, oven and washer.
3. Glendale Book Store, 576 W. Fourth.
4. Guernsey Jewelry Store, 604 W. Fourth.
5. Mrs. Eudemiller, millinery, 407 Brand Boulevard.
6. Mrs. Frazar, artist, 219 Howard.
7. Superior Electrical Co., 541 W. Fourth.
8. Casa Verdugo Spanish Restaurant, North Glendale.
9. Morgan's Dairy.
10. Purity Bakery Co., 442 N. Fourth.
11. Miradero Pharmacy, 322 Brand Boulevard.
12. First National Bank, 340 Brand Boulevard.
13. Refreshments, served by ladies of Chapter L.
14. McGillis Grocery Co., 338 Brand Boulevard.
15. Glendale Pharmacy, 558 W. Fourth.
16. George Williams, dry goods, 526 W. Fourth.
17. C. E. Shaver, groceries, 523 W. Fourth.
18. L. W. Chobe, electrical supplies.

The atetndance on the opening night was small, but the capacity of the hall will no doubt be tested during the remaining evenings of the week. Friday evening there will be a program furnished by the Fillmore School of Music. Saturday evening the Von Stein Academy of Music furnishes the entertainment. The Glendale band played a number of selections Wednesday evening, and the program Thursday was also by local talent.

A further description of the exhibits will be given next week.

PETITION FOR FREE DELIVERY.

The residents of the territory north of Milford street from Brand to Pacific have put in a petition to the postoffice authorities for an extension of the Glendale delivery of mail. The petition contains ninety-seven names and it is stated that in this territory are twenty-six houses in course of construction which will soon be occupied. There has been no extension of the delivery routes in Glendale for the past year, although there are four carriers in this city now for the same territory that was served by one and another working half time when the service was established. Nothing is known to the local officials of the postoffice about any curtailment of delivery in Tropico in consequence of the incorporation of that city.

THE ELECTION

Passes Off Quietly—About One-half the Voters Express their Preference—All Amendments Have a Majority

Election on the amendments passed off quietly in this vicinity. There were a few ladies active in carrying voters to the polls and in distributing the literature and badges of the Equal Suffrage League, but they were not numerous in the vicinity of the polling places, nor did they do much electioneering except in a quiet way. The opposition to the amendments was centered on the equal suffrage amendment (No. 4 on the ballot). In Glendale the vote on this was 211 for and 160 against. In Tropico No. 1 (Casa Verdugo) it was 94 for and 57 against. In Tropico No. 2, 164 for, 107 against. The recall, in Glendale Precinct, 289 for, 57 against. Making the railroad commission appointive, in the same precinct, 234 for, and 87 against. Initiative and referendum, 289 for, 45 against. No. 18, the one which threatens to mix things up generally as far as the justices of the peace are concerned, carried Glendale Precinct by 208 to 98.

In Glendale Precinct there are 788 voters registered, and the number of votes cast was 381, a little over one-half, a proportion which seems to have been general.

ANNOUNCEMENT.

Miss Octavia Hudson wishes to announce that the growth of her Graded School of Music has necessitated the engagement of an assistant teacher, and that a limited number of hours are open for instruction in either Primary, Intermediate or Advanced Work in Music. Further: That Miss Knesel, assistant teacher in Miss Hudson's School of Music, is not only a graduate teacher, but has received thorough training from Miss Hudson in her methods and system of applying such methods in her teaching.

Miss Hudson has received her musical education from America's best teachers; the foremost of whom is the late Wm. H. Sherwood of the Sherwood Music School of Chicago. Upon completion of a normal course, Mr. Sherwood writes: "Miss Octavia Hudson is entitled to consideration for her painstaking, intelligence and pedigogic information."

As it is impossible to instruct pupils in the broad study of music in private lessons alone, Weekly Analytical Class Lessons are given in each grade in connection with the regular private lessons for the purpose of studying a large variety of subjects. While this Analytical work is included in the regular course of study in the best schools of music in the large eastern cities, it cannot be obtained in connection with regular work in any other school of music in Los Angeles or suburbs. Miss Hudson's Graded School of Music, is also the only school of music in which the work of all pupils, and in all grades, is graded. Thus pupils enrolled in Miss Hudson's Graded School of Music, will receive an all-around musical education, resulting in Artistic Piano Playing and Intelligent Musicianship.

A series of recitals will be given in Glendale during the year, for the purpose of keeping the parents of pupils in touch with the work of the school and advancement of the pupils. A cordial invitation to these recitals will be extended to friends of the pupils or others who may be interested in the study of music.

BADLY BURNED.

Miss Everett, night operator for the Sunset Telephone Company at the office on Brand boulevard, was badly burned about 2 o'clock Wednesday morning. Miss Everett was sitting beside a small gas stove, from which her dress caught fire. She was able to telephone for Officer Everett, who hurried to her assistance, and the unfortunate young lady was taken to the sanitarium. The burns are about the upper part of the lower limbs and on her hands.

SOUTHERN PACIFIC APPRECIATIVE.

As a mark of appreciation of the work of faithful employes of the Pacific System the Southern Pacific Company officials today announced that free annual transportation would hereafter be granted to the engineers, conductors and station agents who had shown a marked interest in their work for a period of ten years or more. Those receiving the annual transportation must show a clear record for twelve months prior to January 1 of each year.

VALLEY IMPROVEMENT ASSOCIATION MEETING.

The meeting of the Improvement Association, postponed on account of the weather, took place at Filger's Opera house Thursday evening of last week. Mr. Frank Tyrrell delivered his postponed speech to a good audience. He sustained the reputation he has made as being one of the foremost orators of Southern California. A number of new members were enrolled.

CHAMBER OF COMMERCE.

Regular meeting will be held in I. O. O. F. hall tonight (Friday). All members urged to be present.

Election of officers.

OUR POPULATION

A New Count of the People Gives This Section Nearly 7000 People

The NEWS has placed the population of Glendale, Tropico, West Glendale and the foothill section contiguous, at seven thousand, about one-half being in Glendale city. This estimate is confirmed by the count just completed for the new directory by Mr. Pierson, the count being under the direction of Mr. W. J. Sanford. This gives a total population for this territory amounting to 6,840, which is not bad guessing, as no doubt at least a few were omitted. The territory embraced is bounded on the north by the Verdugo hills, on the east by Eagle Rock valley, on the south by the S. P. railway track and on the west by the Providencia ranch line, just east of Grand View cemetery. After the election of tomorrow (Saturday) Glendale city will doubtless be able to boast a population of 5000.

TUESDAY AFTERNOON CLUB.

The Tuesday Afternoon Club held their first meeting of the season, Tuesday afternoon, October 10th, in Masonic Hall, which was tastefully decorated in the club colors, green and gold.

There was a good attendance of club members and their friends. During a short business session the Country Clubhouse was chosen as the home of the club for the coming year.

The following resolutions, endorsing Equal Suffrage were offered by Mrs. J. H. Wells and adopted by the club.

Whereas, women are liable to all of the requirements and penalties of the law and debarred from the privilege of voicing their wishes in making them; and,

Whereas, man and woman are physchologically equal and, in justice must have free and equal power of expression, which for perfect achievement in matters of vital significance must be legally recognized; and

Whereas, the California Federation of Woman's clubs and many women's organizations working for the uplift of humanity, have enthusiastically endorsed woman suffrage; therefore

Resolved, That we, the women of the Tuesday Afternoon Club, who have previously expressed ourselves favorably upon this question, believing that the conferring of equal legal privileges upon women, as those now delegated to man, is an advance evolutionary step in civilization, put ourselves upon record as fully and unequivocally endorsing this movement.

The new president, Mrs. A. W. Tower, in an excellent address stated the aim of the club and outlined the work of the various committees. The necessity of securing property for a club home was emphasized.

The treat of the afternoon was a musical program under the direction of Clarence E. Krinbill, Glendale's new piano teacher, and was greatly enjoyed by the club members.

Mr. Krinbill, who is a brilliant pianist, played Rive-King's "Concert Waltz in E Flat" and responded to an enthusiastic encore with a charming little "Improvisation"

Ernest B. Raunser, a violoncello artist, who has recently returned from several years' study in Liepsic and located in Los Angeles, played the following series of compositions in a thoroughly artistic and finished style: Concerto Op. 14, by Goldemeau; Wiegenlied-Kleugel; Berceuse, Godard, and Prelude, Massault.

In concluding the program Mr. Krinbill was assisted by one of his talented Glendale pupils, Miss Dorothy Dow, in a splendid rendition of Saint Saen's peculiarly modern "Pas Redoubles"

The ladies were unanimous in their thanks to Mr. Krinbill and in their expression of gratification that he has come to live and locate in Glendale.

After the program a pleasant social hour was enjoyed while dainty refreshments were partaken of.

LECTURE COURSE FOR GLENDALE

The patronage accorded to a lecture course in a community is an indication of the intelligence of the inhabitants. That Glendale's population is above the average in intelligence and appreciation of the best assures the success of the lecture course to be given during the coming winter when a series of six entertainments will be placed before the public under the management of the Menley Lyceum Bureau of Chicago. At each of these entertainments will be heard talent of a high order.

Among those to be heard are Count Col. John Sobieski, one of the two only known descendants of the warrior King John of Poland. He is well designated soldier, statesman, orator, patriot, humanitarian and traveler, as his many talents and remarkable experiences entitles him to them all.

Miss Belle Kearney is also included in the course. Miss Kearney has spoken in the largest auditoriums of three continents, is one of two persons not connected with the diplomatic life of the court who has ever been admitted to the historic audience chamber to witness the parliament by Queen Wilhemina. Miss Kearney has traveled around the world and has been accorded audiences with royalty and many of distinction.

The first of the course will be given by the Rickett's Entertainment Company consisting of Mr. Chester L. Ricketts, a fine and clever impersonator, who has few equals; George Ricketts, 'cellist; Miss Marie Ricketts, flutist; Miss Myrtle Ricketts, violinist, and vocalist, and Master Clyde Ricketts, the boy violinist.

E. T. EARLE'S HOME NEARING COMPLETION.

The home of Mr. E. T. Earle of Los Angeles, which was formerly the Old Bill place in La Canada, is nearing completion and Mr. and Mrs. Earl expect to soon be numbered among the residents of that place. The house which has been built for a number of years and consequently out of date, has been remodeled in every way and made one of the most up-to-date residences. Every modern convenience has been installed, including solar heaters, a large furnace, etc. The old building formerly used as a barn has been made over into a fine garage and the small house on the place has been turned into a very neat 3-room cottage that will be occupied by the caretaker and wife. This little house is fitted up in a most convenient way with closet room, pantries, bath, hot and cold water, and just as cozy as a house of larger dimensions. Mr. J. O. Elliott has charge of the work and as far as possible has given our places of business the benefit of the job.

The Litchfield Lumber Co. has furnished the lumber for the entire job, while Cornwell & Kelty furnished the hardware. Mr. Henry Rief is installing the furnace and all tin work. Mr. J. S. Stine, the plastering, and Mr. A. E. Josselyn is painting both house and barn. Mr. A. L. Eves has the plumbing in charge.

TAKING CARE OF THE WOMEN.

Care of its women travelers is one of the principal aims of the Southern Pacific Company, and in pursuing the fulfillment of this policy the officials have recently placed uniformed maids upon all of the ferry steamers crossing San Francisco Bay. Seasickness is sometimes the fate of the women travelers, and the maids have already demonstrated their usefulness in this respect. The duties of these maids are to look out for the comfort of the women passengers. The uniform is for the purpose of identification, and all that is required by the passengers is to request her services.

GLENDALE, CAL., OCTOBER 13, 1911

The GLENDALE NEWS will have a booth at the Merchants Exhibit this week. Call and see us.

Robert Burdette is a first-class humorist, a pretty fair preacher, and a genial gentleman, but as a logician he does not shine.

Two elections this week in Glendale and another less than a month distant. 'tis a good time for the lover of tranquility to take to the woods.

There has been shipped from California during the season now practically ended, 36,000 carloads of oranges and 6500 carloads of lemons. An approximate valuation of the crop is $50,000,000.

We will commence soon the publication of a new story by Jack London, entitled "Adventure," which we believe our readers will appreciate, as the author is one of the brightest writers of present day fiction.

The contest is still on in Honeywell with the chances favoring the mayoress. The Honeywell men do not seem to possess any surplusage of gallantry and in her dealings with that portion of them who break the laws, we wish the lady success.

The great big president of the United States will soon be in California. Possibly he weighs no more, but he has grown some since he was here two years ago and a sense of his sincerity, patriotism and wisdom grows daily upon the people.

Mrs. Clara Foltz expresses herself to the effect that "the vote against giving woman the ballot is an insult to womanhood."

Clara, we are impelled to remark that notwithstanding your many manly qualities you are no gentleman!

CALIFORNIA; ITS HISTORY AND ROMANCE.

The above is the title of a work by John S. McGroarty, the well known writer of prose and poetry, which has just been issued. The NEWS has not as yet seen a copy of the work, but the proved ability of the author as the possessor of a most charming style, is guarantee of its worth.

A REMINDER FROM "BACK EAST."

We have received a copy of the Official Program of "Beautiful Vineland's Old Home Week," issued on the occasion of the fiftieth anniversary of the birth of that flourishing New Jersey town. It appears in magazine form and is full of illustrations depicting the wonderful growth of the half century, marking the transformation of a desert waste of sand into a populous city. As our acquaintance with the town dates back to the first decade of its half century of existence, we do not notice many familiar names among the list of those participating in the festivities of anniversary week, but we note that the "booster" is getting his work in in the east as well as in the west. So we send to the Vinelanders of today greeting and may their centennial anniversary find them still growing.

AN EXAMPLE OF SUCCESS.

A Los Angeles paper last Sunday contained an account of the successful management of her orange orchard by Mrs. H. B. Wing, of Glendale. Possibly some of the details of the story are exaggerated, but in the main it is true. The lady has managed her orchard personally and with success. She has demonstrated the fact that a person of intelligence, man or woman, can carry through successfully a business in which they have had but little or no experience, provided they bring to the task sufficient energy, perseverence and a willingness to learn. Experience in itself does not always assure success; it has to be mixed with intelligence and a desire to know the best and a willingness to do it. The business of raising oranges and lemons and marketing them successfully, is not a simple matter and many fail at it because they lack the qualifications named above. One of the most common causes of failure in this line is the idea that nature will give a liberal return for a small investment in labor and food for the soil.

In this vicinity are citrus orchards that pay the owners a liberal profit, and there are others where the result is just the reverse, and the difference is not to be found in the soil or the climate.

THE "REFORM" OF OUR CONSTITUTION.

As we go to press, the indications are that all of the twenty-three amendments to the constitution of the State of California have been adopted. None of these measures have been the subject of general discussion, except those providing for giving the franchise to women, the one providing for the recall of public officials, and the one giving the people the initiative and the referendum privilege. All of the others have been swallowed with closed eyes and open mouths by the majority of the voters, under the vague impression that the label on the package truly described the contents. As we anticipated from the beginning, the vote on the equal suffrage proposition is close, but, although the opponents are as yet ahead in the count, the returns from several hundred country precincts, as they come in, indicate a victory for that portion of our women citizens who have so strenuously laid claim to the ballot. Indeed, it was matter for wonderment as the first returns came in that the large number of voters willing to swallow twenty-two of the amendments should reflect sufficiently to balk at a twenty-third; and the later returns show that only a small proportion of them did so.

In view of the expressed willingness of such a large number of voters to blithely support by their votes twenty-three amendments to our organic law, many of them revolutionary, he would be a rank libeler of womanhood who should assert that the addition of the women to the ranks of voters will tend to lower the intelligence of the mass. As far as this paper is concerned, we have not opposed the granting of the franchise to women on that ground, and with a continued high regard for the intelligence of our women, should be prompt to resent such an imputation.

"NOTHING NEW UNDER THE SUN"

Mr. George S. Patton contributes the following to the Sunday Examiner. It is an excerpt from the chronicles of Raoul of Aiguilon in his interesting writings of Acquitine, written in 1340, and tells a story which proves that the present demand on the part of a certain element among our women is nothing new:

"Women, says the good old chronicler, while our dearest treasures and to be guarded and cherished as the very apple of our eye, are yet wilful, fickle, and prone to love innovation and change, and ever to them that which is new and fanciful hath more merit than that which experience hath shown to have the greater value. And for this reason their interference in public affairs has always brought disaster and often ruin on the state where it hath been permitted, from the time of Cleopatra to that of Brunehaut, queen of Australasia.

"Their love of display and proneness to whimsical and outlandish customs in dress and adornments lead often to the ruin of their husbands unless held under proper curb.

"I have been minded to these reflections by that which took place recently in the country of Aiguilon, where a great part of the men having gone with the Duke of Acquitaine to the wars between the King of France and the Black Prince, our country being remote from the war and not suffering therefrom, the women thereof grew proud and idle. And as ever the enemy of man finds work for the idle hand and mind, the more light-headed and gossipy of the women stirred up the others to demand that, inasmuch as they vastly outnumbered the men, they should have an equal say in the parish councils, so that their clamors disturbed the whole country side, and their homes and families were neglected.

"At length the men of Aiguilon had the matter before their lord, Don Gregory, the good Bishop of Bordeaux, and he thereupon called the women together and, after advising and exhorting them to no avail, for his arguments were met by counter arguments by the leaders of the women, and woman by nature hath a quick wit, which, while lacking in solidity, is plausible and often hard to answer.

"The good Bishop then, finding arguments of no avail, said to them; 'Since you are so determined to take on you an equal part with the men in the affairs of the province, you should be equally ready to take your share in the responsibilities. I have here a letter from my good lord, the Duke Acquitaine, who, being hard pressed in the wars, asketh for more soldiers and certes if the women wish to wear the breeches, they must also, when needed, shoulder the pike. Therefore get ye ready for muster, and let the Seneschal of Aiguilon take to the wars men and women in proportion to their numbers.'

"Now this decision was not at all to the liking of the women, and after consulting they came again to the good Bishop, who told them the following fable:

"'Once upon a time the animals of the forest, being stirred up and made discontented by the idle and light headed among them, clamored for a new constitution, and the lion, a wise and tolerant ruler, who had hitherto governed them with justice, called them all together in convention. Now, when the convention had met, upon a vote being taken, it was found that the field mice outnumbered all the other animals, and thereupon the former, a giddy race, being swollen with pride, proceeded to enact unheard-of and outlandish laws, to the mortification of the other animals, until at length the bear arose in his place, and, being of a straightforward and rude disposition, asked them how they proposed to enforce these laws; and the field mice replying that they proposed to employ the elephants to enforce them, the whole convention fell into great laughter and advised them to leave the making of laws to those who had the power to enforce them, upon which the field mice retired, and the affairs of the forest went on as peacefully and well regulated as before.'

"Now, when the wise Bishop had finished the fable, the women, seeing its full application, returned to their distaffs, and order was again restored in Aiguillon."

RESOLUTION OF INTENTION NO. 413.

A RESOLUTION OF THE BOARD OF TRUSTEES OF THE CITY OF GLENDALE DECLARING ITS INTENTION TO IMPROVE A PORTION OF SECOND STREET.

The Board of Trustees of the City of Glendale do resolve as follows:

Section 1. That the public interest and convenience require, and it is the intention of the Board of Trustees of the City of Glendale, State of California, to order the following street work to be done in said city, to-wit:

First. That that portion of Second Street from the West line of Sinclair Avenue to the Easterly line of Verdugo Road be graded and oiled in accordance with plans and profile on file in the office of the City Engineer and specifications for the grading and oiling of streets on file in the office of the City Clerk of the City of Glendale, said specifications being numbered 10, excepting that in addition to said specifications No. 10 there shall be incorporated into the center 20 feet of the roadway a layer of gravel two and one-half (2½) inches thick, of which the maximum pieces will pass through a 2½-inch ring and the minimum pieces will not pass through a ½-inch ring, in the following manner: When the roadway is ready for the final coating of oil as called for in said specifications, the 2½ inches of gravel of the sizes as above specified shall then be evenly spread over the entire surface and rolled into said roadway, and then completed as provided for in Specifications Number 10.

Second. That a cement curb be constructed along both lines of the roadway of said Second Street from the West line of Sinclair Avenue to the Easterly line of Verdugo Road in accordance with the specifications for the construction of cement curbs on file in the office of the City Clerk of the said City of Glendale, said specifications being numbered 2.

Third. That a cement walk five (5) feet in width be constructed along each line of said Second Street from the West line of Sinclair Avenue to the Easterly line of Verdugo Road, said sidewalk to be constructed in accordance with Specifications for the construction of cement sidewalks in the City of Glendale, California, on file in the office of the City Clerk of the City of Glendale, said Specifications being numbered 1.

Sec. 2. That the said Board of Trustees of the City of Glendale finds upon estimates directed to be furnished and furnished by the City Engineer of said City of Glendale, that the total cost of said proposed work or improvement will be greater than fifty (50) cents per front foot along each line of said street so proposed to be improved, as hereinbefore set forth, including the cost of intersection work assessable upon said frontage; and said Board of Trustees determines that serial bonds shall be issued to represent the cost of said work or improvement; said serial bonds shall be extended over a period ending nine (9) years from and after the second day of January next succeeding the date of said bonds, and an even annual proportion of the principal sum thereof shall be payable by coupon on the 2nd day of January every year after their date until the whole is paid, and the interest shall be payable semi-annually by coupon on the second days of January and July respectively of each year, at the rate of seven (7) per cent per annum on all sums unpaid, until the whole of said principal and interest are paid. Said bonds shall be issued in accordance with the provisions of an Act of the Legislature of the State of California, entitled "An Act to provide a system of street improvement bonds to represent certain assessments for the cost of street work and improvement within municipalities, and also for the payment of such bonds," approved February 27th, 1893, and of all acts supplementary thereto or amendatory thereof.

Sec. 3. THE GLENDALE NEWS a weekly newspaper of general circulation, published and circulated in the said City of Glendale, is hereby designated as the newspaper in which this Resolution of Intention, and notice of the passage thereof, shall be published in the manner and by the persons required by law.

Sec. 5. The City Clerk shall certify to the passage of this Resolution, and shall cause the same to be published by two insertions in the manner required by law in said newspaper, and shall post the same conspicuously for two days on or near the Chamber Door of the Board of Trustees.

STATEMENT MADE BY E. E. CALVIN.

Vice President and General Manager of Southern Pacific Company.

San Francisco, Sept. 29, 1911.

It is regretted in face of the large number of employes who are approaching the pension age who are prevented by the age limit from securing employment elsewhere, that they should be drawn into a strike instituted in violation of the by-laws of their respective orders, and especially since it is wholly unjustified. In fairness we are constrained to say that we do not believe any great number of our mechanical employes are dissatisfied with their working agreements, or favor leaving their employments under such conditions. Extraneous influences have been brought to bear upon them and they have not been free to give the subject—an undertaking of such serious consequences to them and to their families—the temperate consideration it should receive.

The company has evidenced a willingness to meet with all the various crafts as in the past. Satisfactory results have followed from this procedure in respect to both the company and the employes, and no substantial reason obtains or has been advanced why the same results would follow a continuation of this policy. The demands made by the federation are of such a character that to grant them would entail an enormous financial loss and at the same time practically relinquish to a committee of employes managerial authority and control over the mechanical department, a concession the company could not make without seriously impairing its ability to properly discharge its obligations to the public as a common carrer.

Believing in the rectitude of its position, and at the same time regretting that hardship may follow to those employes directly involved, the company has maintained a course that in its judgment was the only one afforded it within the bounds of justice, fairness and reason.

Mr. and Mrs. Edgar W. Pack arrived in Glendale Friday morning last. They left England the last of August and since arriving in America have been visiting in Canada, where Mrs. Pack's relatives reside. They traveled leisurely westward over the Canadian Pacific, visiting Vancouver and other points of interest. Mrs. Pack, who left Glendale a few months ago in very poor health, has entirely recovered and both are glad to be with their friends here once more.

Early Horse Race Prizes.

Prizes for winners of horse races hundreds of years ago took curious forms. The earliest was the "brigita d'or," or golden bridle. After this the prize in England was a bell. This idea was taken from the custom among owners of pack horses of decorating the best horse, which led the cavalcade, with a bell, so that on dark nights and in dangerous places the whereabouts of the leader might be known and the others follow boldly. At Carlisle silver bells were raced for by the moss troopers and dalesmen, and specimens of these bells are still retained in the town hall.—St. James' Gazette.

Economical.

Husband—You are not economical. Wife—Well, if you don't call a woman economical who saves her wedding dress for a possible second marriage I'd like to know what you think economy is like.—Glasgow Times.

A Great Deal.

"Whenever I look at my wife," said the husband of the celebrated fattest woman on earth, "I feel that I have a great deal to be thankful for."

TROPICO

The vote on the Woman's Suffrage amendment at Tropico precinct No. 2 was: for 164; against, 107.

Mrs. E. J. Morgan was the guest Wednesday afternoon of Mrs. Edward M. Lynch of Damasco Court.

Rev. Burton of Burbank, delivered the morning discourse at the Tropico Methodist church last Sunday.

Mrs. Clarence Darrow of Chicago, was the guest Monday of Mrs. William Harvey, Jr., of Tropico avenue.

Mr. and Mrs. G. C. Melrose of Cypress street, are entertaining Mrs. Alice Harden and daughter of Walla Walla, Wash.

J. H. Harris, the Tropico barber, is entertaining for several weeks, his parents, Mr. and Mrs. J. O. Harris of Hutchinson, Kas.

A pleasant affair this week was the luncheon given by Mrs. O. S. Richardson at her home at the Glendale hotel Tuesday, to a number of friends.

Mr. and Mrs. Peck, who were recently married here, and family, are now occupying the residence recently vacated by Mr. and Mrs. E. B. Ellis at the corner of Tropico avenue and Brand boulevard.

Mrs. E. W. Richardson, who moved several weeks ago from Tropico to Berkeley, where the Richardsons are now located, was in Tropico this week, superintending the Woman's Suffrage campaign in this district.

Revival services began last Sunday in the Church of the Brethren, corner Park and Glendale avenues, under the direction of Rev. G. G. Lehmer of Los Angeles. These meetings will continue about two weeks.

W. W. Dutton has moved his garage from the Tropico block to a building 30x60 erected recently by Peter Gabaig on San Fernando road near Tropico avenue. Mr. Dutton has equipped his establishment with strictly modern garage appliances, including the latest gasoline pump and tank, holding 120 gallons of gas.

We are pleased to report that Miss Emilie Hatch, who has been confined to her home on Blanche avenue for the past several months with an injured limb, is now able to be about. She is now enjoying an outing and rest at the home of her sister, Mrs. Grayson Merrill of Washington Heights, Los Angeles.

A special committee has been appointed by the Tropico trustees to ascertain the cost of poles, wires and transformers for street lighting for this city. This committee will instruct the city attorney to prepare an ordinance providing for the raising of funds required for the installing of this lighting service.

Messrs. A. C. Bancroft, H. G. Pettit and George H. Friedgen have been appointed by the Tropico Chamber of Commerce to investigate the matter of consolidation with Los Angeles. 'Pears like same people are never satisfied. If Tropico did go into Los Angeles the people of this city would probably mourn because the officials of the Angel City would not listen to their earnest pleadings. We'd be "small fry" and would doubtless get the "leavings" of the Angel City's table. Then we would cry "If we but knew."

CLEAN-UP DAY A SUCCESS.

Last Saturday a very successful clean-up day was held in this city. And the city looks better after the fray. The affair was held under the supervision of the officers of the Tropico Chamber of Commerce. The northeast section of town was cared for by C. H. Cushing, the southeast section was under the charge of W. B. Pratt. George H. Friedgen supervised the work on the northwest locality, while Andy Stevenson was overseer of the work on the southwest section. Daniel Webster has complete charge of the day.

TROPICO PARENT-TEACHER ASSN.

(Contributed)

The Tropico Parent-Teacher Association held its first regular meeting at the Tropico grammar school. After the general business routine the president, Mrs. W. H. Berteaux, nominated various committees, and the following program was given: A piano duet by Miss Augspurger and Miss Wanda Scofield. Then Mr. Clifford Howard made an eloquent address on the question of the day, Woman's suffrage, so clear, so convincing, so logical were the statements that the speaker was repeatedly applauded. "Right and Necessity" embodied the chief arguments. Miss Hebben, a teacher, made a spirited little speech for the anti-suffragists. Dr. Jessie Russell and Mrs. S. C. Leppleman supported the champion of the cause. The enthusiasm of the large assemblage was still more enhanced by the "passing" of woman's suffrage tea.

TROPICO YELLS "FAKE."

In connection with the hold-up at the corner of Park avenue and Brand boulevard on Tuesday evening of last week when a newspaper man by the name of Franklin was attacked by an unknown man, the Tropico Interurban Sentinel, the Tropico city marshal and a few more of the officials and residents of that city, are yelling "fake" and have ungraciously handed this paper, the city of Glendale and anything connected with this city a "bundle" which they hoped would last them for several weeks to come. They cite several "proofs" leading up to and following the affair, which they claim prove that the affair did not occur as represented. The Sentinel ridicules the idea that had there been street lights in the neighborhood where the crime was committed the chances for the miscreant's escape would have been greatly lessened. A little exercising of the "gray matter" will show that the Sentinel's attitude in this regard is a little unreasonable.

Having been made the point of this unreasonable attack we desired to investigate the matter a little during the past few days. We learn that Mr. Franklin came to Glendale the day previous to the affair and registered at a Glendale hotel. On the night of the hold-up Mr. Franklin was visiting at the home of a bricklayer (whose name we could not learn) living in the region of Park avenue. While here he received a call to come to Los Angeles. Finding that a car went at midnight he started out to catch it. The hold-up followed while he was waiting for the car.

Marshal Miller was notified and early the following morning, after a night of unusually heavy fog, which made it a comparatively easy matter to see footprints in the soft ground, he tracked the man south on Brand boulevard to a point just below Palmer avenue, where he joined two companions who were evidently waiting beneath one of the palms. Together the three continued south and when about three hundred feet from Cypress street the hat, which had evidently been carried by the hold-up, was thrown into the field covered with pumpkins. The hat was found in the morning by Marshal Miller. Miller tracked the three as far south as Cypress street, where the footprints were lost on the hard sidewalk. The Sentinel claims that there was no evidence of the three shots being fired as claimed. When turned over to the police in Los Angeles there were three empty shells in the gun. Mr. Fishback claims that one reason why he is sure that the affair was a fake was because of the slight injuries received by the victim. How is Mr. Fishback able to judge as to that when he did not see the victim. The blood stains on the sidewalk, the porch of the real estate office and on the clothes of the victim were enough to show that the affair did not take place from any desire for free advertising. It is claimed that another evidence that the affair was a put-up game was that he was in so much of a hurry that he did not take time to stop to pick up his hat. The hat was found a quarter of a mile from the scene of the struggle, evidences of which could be seen in the ground beside the real estate office Wednesday morning. Residents near the corner of Park and Brand claim that the shots were fired near the real estate office, two of the bullets burying themselves in the side of the Carpenter residence on Park just east of Brand. The reason Mr. Franklin left so hurriedly was because the midnight car was the last one going to Los Angeles that night. He isn't more fond of walking seven miles with such a wound in his face than any one else would be.

WEST GLENDALE

Mrs. Sampson of Central avenue, North Glendale, who was seriously ill, for some time, is rapidly recovering.

"Watch us grow" is a good motto for the West Glendale school. Up till Tuesday there were 263 pupils enrolled, a gain of thirteen since the opening, Sept. 25th.

Four new houses can be seen at the present time going up in the new tract west of Remington and north of Fourth street, while several homes are being built west of Central avenue.

A little apprentice in masonry arrived at the home of Mr. and Mrs. Blake, corner of Ivy and Pacific streets on Friday night, October 6th and as Master Blake seems perfectly contented, he will probably remain in Glendale.

Mr. C. J. Woolfe left on Saturday evening last, for Del Mar, loaded to the guards with duck ammunition, but remarked on his return home Sunday evening that the feathered tribe had all gone on a vacation, and as a consequence there was nothing doing.

Miss Jennie Dick recently entertained Glendale friends at a very daintily appointed luncheon at her new home in Los Angeles. Covers were laid for the following: Mrs. Thos. Atkinson, Mrs. Geo. Reitler Mrs. Laura Scamman, Mrs. J. L. Russ Miss Dick.

Mr. Leland Duncan, better known to all his friends as "Lee," and one of the Shaver Brothers' most popular solicitors, has resigned his position with that firm and has taken a position in the office of the Santa Fe, in Los Angeles. Leland is a young man of sterling qualities, and a host of friends wish him well.

Mrs. Henry Elliott and daughter, Mildred, of Canada, arrived in Glendale last week and intend making their home here. Mr. Elliott, who is the foreman of the Commonwealth Building Co., together with his son, has been in Glendale for some time, residing on Pacific avenue near Ivy street.

Mr. O. H. Martin of Canada is here on an indefinite visit with his son and family on Pacific avenue. Mr. Martin, despite his seventy-nine years, is hale and hearty, and spends a great part of his time in walking and taking in the beauties of nature in and around Glendale. This is his second winter with his son, and he is beginning to think that Glendale is just about right.

Mrs. D. Gervais entertained the Ladies' Aid of the Catholic church on Thursday afternoon, Oct. 5th, at her home on Ivy street. A large number of ladies were present, together with the Rev. Jas. O'Neil. Delicious refreshments were served, and much good work was accomplished. The ladies are working faithfully for the bazaar to be held in November.

Mr. Will Turner, an employe of Adams & McKee Hardware Co., of Los Angeles, but living at the home of Mr. and Mrs. Dan Kelty, Ivy street, for the past few years, is looking forward to a visit from his mother, Mrs. Turner and family of Pittsburg, Pa., in a short time. They have rented the home of Mrs. Stark on Pacific street and will remain indefinitely. Mrs. Stark will make her home with her son in Long Beach.

The eighth grade of the West Glendale school together with their principal, Mrs. Taylor, and several teachers enjoyed a moonlight picnic to Griffith Park on Thursday evening last. Needless to say they all enjoyed themselves to the limit until time to return home, when it was found that the horses were missing. The walk back to Tropico was long, but there they secured a livery team and later reached their various homes. The horses were found in the park on Friday.
